Profile

Experienced Developer and Designer with a versatile skill set spanning Software engineering, Front-end development, UI/UX design, and Graphic design. Over five (5)+ years in the industry, I've demonstrated proficiency in multiple roles including Developer Advocate, Junior Cybersecurity Analyst, and Data Analyst. Passionate about creating intuitive user experiences and advocating for innovative tech solutions. Well-versed in digital and email marketing strategies, enhancing products with engaging visuals, and ensuring security measures are implemented effectively. Ready to leverage my expertise to drive impactful results in a dynamic environments.

Professional Experience

2025/01 Nigeria	Product Designer and Frontend Development instructor <i>Unicus ITS</i> At Unicus, I teach and design user-centric products and teach frontend technologies like HTML, CSS, and JavaScript, guiding students through hands-on projects.
2024/10 – 2025/02 New York, United State	UI/UX Designer <i>Gaotek Inc Remote</i> As a UI/UX Designer at GAO Tek Inc., I designed intuitive interfaces, conducted user research, created wireframes and prototypes, and collaborated with developers to enhance user experiences. I was later assigned as team lead , overseeing design workflows and ensuring seamless project execution.
2023/11 – 2024/10 Bayelsa, Nigeria	Front-End Development & Graphic Design Tutor <i>Digitec Hub Onsite</i> As a Front-End Development & Graphic Design Tutor, I teach essential HTML, CSS, JavaScript, and design skills, guiding students in creating engaging websites and visuals with hands-on projects and personalized support.
2024/04 – 2024/09 London, United Kingdom	UI/UX Designer & Mentor <i>Aplentify Remote</i> I create intuitive and visually appealing user interfaces, conduct user research, develop personas, wireframe and prototype designs, and collaborate with cross-functional teams to enhance user experiences. Proficient in Figma, Sketch, and photoshop.
2022/02 – 2023/09 Delta, Nigeria	Web Development & bootcamp instructor <i>Rolof Computer Academy Onsite</i>  Web development Instructor

At Rolof Computer's Bootcamp, I trained students in web development and guided them on programming and flying DIY drones, providing practical, project-based learning experiences.
